LofaSofa-002-2018-P

Pure Office Solutions Ltd

# LOFA SOFA

Lofa Sofa is relaxingly comfortable, with soft cushions over traditional resilient webbing. The characteristic Ligni ply legs can be faced in a wide selection of veneers and laminates, matching and complementing our Ligni tables, desks and seating. Choose from an extensive range of fabrics and leathers, and feel free to specify either a uniform finish, or two or three tone fabric combinations. The distinctive buttons can match or contrast, as you wish. Scatter cushions and flush-fitting power and USB charging ports can be specified as options. Shown upholstered in Camira Trail Surface.
